# Renowa compact hydraulic tanks

renowa  
TANK

We have developed a range of hydraulic tanks designed for compactness, taking into account the dimensions and specific requirements of each truck

**VOLVO**

**DAF**

**SCANIA**

**RENAULT**

**IVECO**

**MAN**

## **R** TANK

### Rear of cab – high

Universal behind-the-cab hydraulic tank series for most common trucks

## **R** TANK

### Rear of cab – low

Hydraulic tank series designed for an optimal fit on **MAN** trucks

## **U** TANK

### Under the cab

Space-saving hydraulic tank series for under-cab installation on **SCANIA** trucks

## **C** TANK

### Custom-made

Handcrafted hydraulic tanks with special shapes for limited-space installations

# H-105

Renowa / R-TANK / H-105

## Rear cab mounted steel hydraulic oil tank

A premium hydraulic oil tank featuring a specialized design and a compact, space-saving installation. Pressure-tested for durability, with a high-quality surface finish that provides long-term protection and a aesthetic look.

PART NR:	MATERIAL	GROSS VOLUME (L)	WORKING VOLUME (L)	WEIGHT (KG)	HIGHT (MM)	LENGTH (MM)	WIDTH (MM)	SUCTION PORT (")
H-105	PAINTED STEEL	105	95	101	860	1120	184	1½"

### The hydraulic tank kit includes:

- Breather cap with an integrated air filter
- Return filter
- Oil level gauge
- 1½" ball valve
- 2" brass hose connector
- 1½" blind cap
- 1½" tap elbow
- Mounting bracket
- Mounting hardware

Additionally, the suport kit must be selected based on the truck brand.

### Suitable for trucks:

TRUCK BRAND	SUPPORT KIT NR
DAF	DF-105/95-H
FORD	FO-105/95-H
IVECO	IV-105/95-H
MAN	MN-105/95-H
MERCEDES-BENZ	MB-105/95-H
RENAULT	RE-105/95-H
SCANIA	SC-105/95-H
VOLVO *	VO-105/95-H

\*ADblue tank locaton on the side of the frame

# H-105A

Renowa / R-TANK / H-105A

## Rear cab mounted steel hydraulic oil tank

A premium hydraulic oil tank featuring a specialized design and a compact, space-saving installation. Pressure-tested for durability, with a high-quality surface finish that provides long-term protection and a aesthetic look.

PART NR:	MATERIAL	GROSS VOLUME (L)	WORKING VOLUME (L)	WEIGHT (KG)	HIGHT (MM)	LENGTH (MM)	WIDTH (MM)	SUCTION PORT (")
H-105A	PAINTED STEEL	105	95	101	860	1120	184	1½"

### The hydraulic tank kit includes:

- Breather cap with an integrated air filter
- Return filter
- Oil level gauge
- 1½" ball valve
- 2" brass hose connector
- 1½" blind cap
- 1½" tap elbow
- Mounting bracket
- Mounting hardware

Additionally, the suport kit must be selected based on the truck brand.

### Suitable for trucks:

TRUCK BRAND	SUPPORT KIT NR
VOLVO *	VO-105/95-A

\*ADblue tank locaton on the side of the frame

# H-130

Renowa / R-TANK / H-130

## Rear cab mounted steel hydraulic oil tank

A premium hydraulic oil tank featuring a specialized design and a compact, space-saving installation. Pressure-tested for durability, with a high-quality surface finish that provides long-term protection and a aesthetic look.

PART NR:	MATERIAL	GROSS VOLUME (L)	WORKING VOLUME (L)	WEIGHT (KG)	HIGHT (MM)	LENGTH (MM)	WIDTH (MM)	SUCTION PORT (")
H-130	PAINTED STEEL	130	115	116	1060	1120	184	1½"

### The hydraulic tank kit includes:

- Breather cap with an integrated air filter
- Return filter
- Oil level gauge
- 1½" ball valve
- 2" brass hose connector
- 1½" blind cap
- 1½" tap elbow
- Mounting bracket
- Mounting hardware

Additionally, the suport kit must be selected based on the truck brand.

### Suitable for trucks:

TRUCK BRAND	SUPPORT KIT NR
DAF	DF-130/115-H
FORD	FO-130/115-H
IVECO	IV-130/115-H
MAN	MN-130/115-H
MERCEDES-BENZ	MB-130/115-H
RENAULT	RE-130/115-H
SCANIA	SC-130/115-H
VOLVO *	VO-130/115-H

\*ADblue tank locaton on the side of the frame

**YOU ASK, WE BUILD.**

# H-130A

Renowa / R-TANK / H-130A

## Rear cab mounted steel hydraulic oil tank

A premium hydraulic oil tank featuring a specialized design and a compact, space-saving installation. Pressure-tested for durability, with a high-quality surface finish that provides long-term protection and a aesthetic look.

PART NR:	MATERIAL	GROSS VOLUME (L)	WORKING VOLUME (L)	WEIGHT (KG)	HIGHT (MM)	LENGTH (MM)	WIDTH (MM)	SUCTION PORT (")
H-130A	PAINTED STEEL	130	115	116	1060	1120	184	1½"

### The hydraulic tank kit includes:

- Breather cap with an integrated air filter
- Return filter
- Oil level gauge
- 1½" ball valve
- 2" brass hose connector
- 1½" blind cap
- 1½" tap elbow
- Mounting bracket
- Mounting hardware

Additionally, the suport kit must be selected based on the truck brand.

### Suitable for trucks:

TRUCK BRAND	SUPPORT KIT NR
VOLVO *	VO-130/115-A

\*ADblue tank locaton on the side of the frame

# H-165

Renowa / R-TANK / H-165

## Rear cab mounted steel hydraulic oil tank

A premium hydraulic oil tank featuring a specialized design and a compact, space-saving installation. Pressure-tested for durability, with a high-quality surface finish that provides long-term protection and a aesthetic look.

PART NR:	MATERIAL	GROSS VOLUME (L)	WORKING VOLUME (L)	WEIGHT (KG)	HIGHT (MM)	LENGTH (MM)	WIDTH (MM)	SUCTION PORT (")
H-165	PAINTED STEEL	165	150	118	1060	1120	200	1½"

### The hydraulic tank kit includes:

- Breather cap with an integrated air filter
- Return filter
- Oil level gauge
- 1½" ball valve
- 2" brass hose connector
- 1½" blind cap
- 1½" tap elbow
- Mounting bracket
- Mounting hardware

Additionally, the suport kit must be selected based on the truck brand.

### Suitable for trucks:

TRUCK BRAND	SUPPORT KIT NR
DAF	DF-165/150-H
FORD	FO-165/150-H
IVECO	IV-165/150-H
MAN	MN-165/150-H
MERCEDES-BENZ	MB-165/150-H
RENAULT	RE-165/150-H
SCANIA	SC-165/150-H
VOLVO *	VO-165/150-H

\*ADblue tank locaton on the side of the frame

# H-165A

Renowa / R-TANK / H-165A

## Rear cab mounted steel hydraulic oil tank

A premium hydraulic oil tank featuring a specialized design and a compact, space-saving installation. Pressure-tested for durability, with a high-quality surface finish that provides long-term protection and a aesthetic look.

PART NR:	MATERIAL	GROSS VOLUME (L)	WORKING VOLUME (L)	WEIGHT (KG)	HIGHT (MM)	LENGTH (MM)	WIDTH (MM)	SUCTION PORT (")
H-165A	PAINTED STEEL	165	150	118	1060	1120	200	1½"

### The hydraulic tank kit includes:

- Breather cap with an integrated air filter
- Return filter
- Oil level gauge
- 1½" ball valve
- 2" brass hose connector
- 1½" blind cap
- 1½" tap elbow
- Mounting bracket
- Mounting hardware

Additionally, the suport kit must be selected based on the truck brand.

### Suitable for trucks:

TRUCK BRAND	SUPPORT KIT NR
VOLVO *	VO-165/150-A

\*ADblue tank locaton on the side of the frame

# H-245

Renowa / R-TANK / H-245

## Rear cab mounted steel hydraulic oil tank

A premium hydraulic oil tank featuring a specialized design and a compact, space-saving installation. Pressure-tested for durability, with a high-quality surface finish that provides long-term protection and a aesthetic look.

PART NR:	MATERIAL	GROSS VOLUME (L)	WORKING VOLUME (L)	WEIGHT (KG)	HIGHT (MM)	LENGTH (MM)	WIDTH (MM)	SUCTION PORT (")
H-245	PAINTED STEEL	245	220	130	1060	1120	290	1½"

### The hydraulic tank kit includes:

- Breather cap with an integrated air filter
- Return filter
- Oil level gauge
- 1½" ball valve
- 2" brass hose connector
- 1½" blind cap
- 1½" tap elbow
- Mounting bracket
- Mounting hardware

Additionally, the suport kit must be selected based on the truck brand.

### Suitable for trucks:

TRUCK BRAND	SUPPORT KIT NR
DAF	DF-245/220-H
FORD	FO-245/220-H
IVECO	IV-245/220-H
MAN	MN-245/220-H
MERCEDES-BENZ	MB-245/220-H
RENAULT	RE-245/220-H
SCANIA	SC-245/220-H
VOLVO	VO-245/220-H

\*ADblue tank locaton on the side of the frame

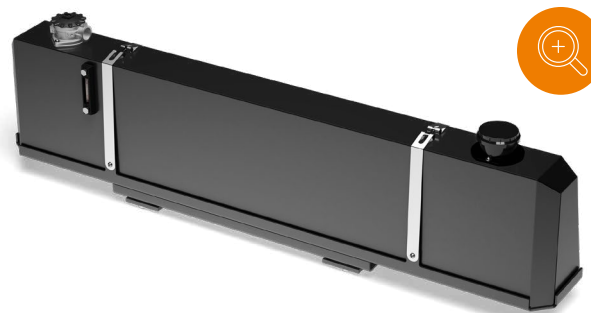

# L-150

Renowa / R-TANK / L-150

## Rear cab mounted steel hydraulic oil tank

Specifically designed for MAN trucks.

A premium hydraulic oil tank featuring a specialized design and a compact, space-saving installation. Pressure-tested for durability, with a high-quality surface finish that provides long-term protection and a aesthetic look.

PART NR:	MATERIAL	GROSS VOLUME (L)	WORKING VOLUME (L)	WEIGHT (KG)	HIGHT (MM)	LENGTH (MM)	WIDTH (MM)	SUCTION PORT (")
L-150	PAINTED STEEL	150	135	114	406	1850	247/349	1½"

### The hydraulic tank kit includes:

- Breather cap with an integrated air filter
- Return filter
- Oil level gauge
- 1½" ball valve
- 2" brass hose connector
- 1½" blind cap
- 1½" tap elbow
- Mounting straps with a rubber base
- Mounting hardware

Additionally, the suport kit must be selected based on the truck brand.

### Suitable for trucks:

TRUCK BRAND	SUPPORT KIT NR
MAN *	MN-150/135-L

# L-155

Renowa / R-TANK / L-155

## Rear cab mounted steel hydraulic oil tank

Specifically designed for MAN trucks.

A premium hydraulic oil tank featuring a specialized design and a compact, space-saving installation. Pressure-tested for durability, with a high-quality surface finish that provides long-term protection and a aesthetic look.

PART NR:	MATERIAL	GROSS VOLUME (L)	WORKING VOLUME (L)	WEIGHT (KG)	HIGHT (MM)	LENGTH (MM)	WIDTH (MM)	SUCTION PORT (")
L-155	PAINTED STEEL	155	140	120	406	2000	247/349	1½"

### The hydraulic tank kit includes:

- Breather cap with an integrated air filter
- Return filter
- Oil level gauge
- 1½" ball valve
- 2" brass hose connector
- 1½" blind cap
- 1½" tap elbow
- Mounting straps with a rubber base
- Mounting hardware

Additionally, the suport kit must be selected based on the truck brand.

### Suitable for trucks:

TRUCK BRAND	SUPPORT KIT NR
MAN *	MN-155/140-L

# N-110

Renowa / U-TANK / L-110

## Under cab mounted steel hydraulic oil tank

Specifically designed for Scania Next Gen models with an inline engine.

A premium hydraulic oil tank featuring a specialized design and a compact, space-saving installation. Pressure-tested for durability, with a high-quality surface finish that provides long-term protection and a aesthetic look.

PART NR:	MATERIAL	GROSS VOLUME (L)	WORKING VOLUME (L)	WEIGHT (KG)	HIGHT (MM)	LENGTH (MM)	WIDTH (MM)	SUCTION PORT (")
L-110	PAINTED STEEL	110	95	47	323	850	576	1½"

### The hydraulic tank kit includes:

- Breather cap with an integrated air filter
- Return filter
- Oil level gauge
- 1½" ball valve
- 2" brass hose connector
- 1½" blind cap
- 1½" tap elbow
- Mounting straps with a rubber base
- Mounting hardware

Additionally, the suport kit must be selected based on the truck brand.

### Suitable for trucks:

TRUCK BRAND	SUPPORT KIT NR
SCANIA NEXT GEN *	SC-110/95-N

\*with an inline engine

# N-150

Renowa / U-TANK / N-150

## Under cab mounted steel hydraulic oil tank

Specifically designed for Scania Next Gen models with an inline engine.

A premium hydraulic oil tank featuring a specialized design and a compact, space-saving installation. Pressure-tested for durability, with a high-quality surface finish that provides long-term protection and a aesthetic look.

PART NR:	MATERIAL	GROSS VOLUME (L)	WORKING VOLUME (L)	WEIGHT (KG)	HIGHT (MM)	LENGTH (MM)	WIDTH (MM)	SUCTION PORT (")
L-110	PAINTED STEEL	150	135	47	323	850	576	1½"

### The hydraulic tank kit includes:

- Breather cap with an integrated air filter
- Return filter
- Oil level gauge
- 1½" ball valve
- 2" brass hose connector
- 1½" blind cap
- 1½" tap elbow
- Mounting straps with a rubber base
- Mounting hardware

Additionally, the suport kit must be selected based on the truck brand.

### Suitable for trucks:

TRUCK BRAND	SUPPORT KIT NR
SCANIA NEXT GEN *	SC-150/135-N

\*with an inline engine

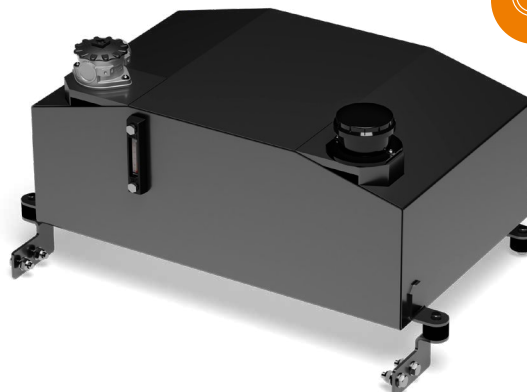

# V-140

Renowa / U-TANK / V-140

## Under cab mounted steel hydraulic oil tank

Specifically designed for Scania Next Gen models with a V8 engine.

A premium hydraulic oil tank featuring a specialized design and a compact, space-saving installation. Pressure-tested for durability, with a high-quality surface finish that provides long-term protection and a aesthetic look.

PART NR:	MATERIAL	GROSS VOLUME (L)	WORKING VOLUME (L)	WEIGHT (KG)	HIGHT (MM)	LENGTH (MM)	WIDTH (MM)	SUCTION PORT (")
V-140	PAINTED STEEL	140	125	47	323	850	540	1½"

### The hydraulic tank kit includes:

- Breather cap with an integrated air filter
- Return filter
- Oil level gauge
- 1½" ball valve
- 2" brass hose connector
- 1½" blind cap
- 1½" tap elbow
- Mounting straps with a rubber base
- Mounting hardware

Additionally, the suport kit must be selected based on the truck brand.

### Suitable for trucks:

TRUCK BRAND	SUPPORT KIT NR
SCANIA NEXT GEN *	SC-140/125-V

\*with a V8 engine

# V-150

Renowa / U-TANK / V-150

## Under cab mounted steel hydraulic oil tank

Specifically designed for Scania Next Gen models with a V8 engine.

A premium hydraulic oil tank featuring a specialized design and a compact, space-saving installation. Pressure-tested for durability, with a high-quality surface finish that provides long-term protection and a aesthetic look.

PART NR:	MATERIAL	GROSS VOLUME (L)	WORKING VOLUME (L)	WEIGHT (KG)	HIGHT (MM)	LENGTH (MM)	WIDTH (MM)	SUCTION PORT (")
V-150	PAINTED STEEL	150	135	51	323	850	600	1½"

### The hydraulic tank kit includes:

- Breather cap with an integrated air filter
- Return filter
- Oil level gauge
- 1½" ball valve
- 2" brass hose connector
- 1½" blind cap
- 1½" tap elbow
- Mounting straps with a rubber base
- Mounting hardware

Additionally, the suport kit must be selected based on the truck brand.

### Suitable for trucks:

TRUCK BRAND	SUPPORT KIT NR
SCANIA NEXT GEN *	SC-150/135-V

\*with a V8 engine

# F-150

Renowa / U-TANK / F-150

## Under cab mounted steel hydraulic oil tank

Specifically designed for Scania Fifth Gen models.

A premium hydraulic oil tank featuring a specialized design and a compact, space-saving installation. Pressure-tested for durability, with a high-quality surface finish that provides long-term protection and a aesthetic look.

PART NR:	MATERIAL	GROSS VOLUME (L)	WORKING VOLUME (L)	WEIGHT (KG)	HIGHT (MM)	LENGTH (MM)	WIDTH (MM)	SUCTION PORT (")
F-150	PAINTED STEEL	150	135	54	515	854	406	1½"

### The hydraulic tank kit includes:

- Breather cap with an integrated air filter
- Return filter
- Oil level gauge
- 1½" ball valve
- 2" brass hose connector
- 1½" blind cap
- 1½" tap elbow
- Mounting straps with a rubber base
- Mounting hardware

Additionally, the suport kit must be selected based on the truck brand.

### Suitable for trucks:

TRUCK BRAND	SUPPORT KIT NR
SCANIA FIFTH GEN	SC-150/135-F

# F-205

Renowa / U-TANK / F-205

## Under cab mounted steel hydraulic oil tank

Specifically designed for Scania Fifth Gen models.

A premium hydraulic oil tank featuring a specialized design and a compact, space-saving installation. Pressure-tested for durability, with a high-quality surface finish that provides long-term protection and a aesthetic look.

PART NR:	MATERIAL	GROSS VOLUME (L)	WORKING VOLUME (L)	WEIGHT (KG)	HIGHT (MM)	LENGTH (MM)	WIDTH (MM)	SUCTION PORT (")
F-205	PAINTED STEEL	205	185	63	565	854	506	1½"

### The hydraulic tank kit includes:

- Breather cap with an integrated air filter
- Return filter
- Oil level gauge
- 1½" ball valve
- 2" brass hose connector
- 1½" blind cap
- 1½" tap elbow
- Mounting straps with a rubber base
- Mounting hardware

Additionally, the suport kit must be selected based on the truck brand.

### Suitable for trucks:

SCANIA FIFTH GEN	SC-205/185-F

# Space-saving design and ensured quality

Our hydraulic tanks are designed to optimize installation space. We ensure customer satisfaction by providing post-installation support and personalized approach to every project

Our specialists have  
**10+ years of**  
experience in  
manufacturing and  
installing hydraulic  
tanks.

## Unique design

The design of our tanks, combined with a space-saving installation method, sets our products apart from the rest

## Proven reliability

Each tank undergoes pressure tests to ensure product reliability and durability

## High quality material

Hydraulic tanks are made from high-quality materials, ensuring long-lasting durability

## Surface finishing

Tanks are shot-blasted and coated with two-component paint for long-lasting protection and refined appearance

## Custom-made hydraulic tanks

Custom-made hydraulic tanks are designed with appropriate installation solutions. We take into account both the customer's technical requirements and the specific design features of each machine.
